

Hills is a member of the [How's my Driving?](#) road safety scheme which is supported by the Freight Transport Association.

All our vehicles have a highly visible yellow and black sticker on the back of each vehicle which helps remind our driver to concentrate on their driving style and, through a user friendly report back system, allows us to identify areas for improvement and pass on complimentary comments to drivers that have been made by members of the public.

If you would like to make a comment on one of our vehicles through How's my Driving? you should make a note of the unique number and either:

Sample of the sticker.  
Each vehicle has a unique reference number eg. A1234

- Fill in the How's my Driving? online form [here](#)
